

## DRONE AVIATOR HOOD KIT FOR iPad Pro 10.5"

The HAV3 aviator hood for drone pilots mounts to your iPad Pro 10.5" for improved outdoor viewing. The bottom panel of the aviator hood has a unique pierceable feature to aid in touch screen access. Two adjustable mounting straps make hood mounting quick and easy. A horizontal safety strap prevents iPad from falling forward out of its mount. Hood mount measurements: 9.75" W x 6.75" H x 6.25" D. Hood mounts on front of iPad Pro 10.5".

The HAV3E is an extender hood that mounts over the HAV3 hood for times when drone videographers/ photographers require a longer viewfinder hood for optimum glare free outdoor iPad Pro 10.5" viewing. Overall distance from iPad Pro 10.5" with extender 13".
