Mini In-Car Charger 12V Adaptor
Input: DC 12V-24V Output: DC 5V=1000mAh
SKU: ISKT2USB

USER INSTRUCTIONS

The INCA Power Source Adaptor is designed to be connected to a 12V socket found in most modern vehicles and used to Power / Re-charge USB Devices only that accept USB power input

The Adaptor should not be used for any other purpose or connected to any other power source

Be sure the 12V power source is OFF before Connecting or Disconnecting the Adaptor

Use of a genuine Branded good quality USB power cable is recommended

The Adaptor Device has 2 x USB Output Ports (refer diagram)

Port 1 - 5v 2.1 Amp maximum output for powering/charging most Smartphones compatible with USB power input

Port 2 - 5v 1.0 Amp maximum output for other USB Devices (or a slower charge rate for Smartphones)

USB Devices that draw greater than 2.1 Amps should not be connected to this Adaptor power source - overheating and damage may result to both the Adaptor and the Device being charged

Check the User Manual of the USB Device before connecting it to the Inca USB power source Adaptor. Take note of the correct Amperage and correct port connection to the USB Adaptor required.

IMPORTANT SAFETY INSTRUCTIONS

- Do not expose the Adaptor to water or moisture.
- Do not expose the Adaptor to excessive heat or fire.
- Designed and intended for indoor use only.

- Keep the Adaptor out of reach of children.
- Allow adequate ventilation when in use. Adaptor may get warm during use, this is normal.
- Do not short circuit the contact pins.
- Keep all contacts and pins clean
- Do not apply excessive force when connecting or disconnecting
- Do not operate the Adaptor if it has been subjected to shock or damage. If subjected to shock or damage, have it serviced by a qualified service technician.
- Do not disassemble the Adaptor. Incorrect reassembly may result in a risk of electrical shock or fire.
- Unplug the Adaptor from all power sources after use and before attempting maintenance or cleaning.

1 YEAR WARRANTY - STATEMENT

The Manufacturer warrants to the original end user/purchaser that for the period of 1 year the product will be free of defects in materials and workmanship under normal use. The warranty period begins from the date of purchase. Proof of purchase must be provided with any warranty claim. Returned products must be shipped prepaid and properly packaged. The liability of this warranty is limited to repair, replacement or refund of net price. To the extent not prohibited by law.

Not Covered by this Warranty:

- Item returned without proof of purchase
- Minor defects or deviation from the product specification which are immaterial and negligible regarding product value or the function of the product.
- Item with cracked housing or showing any other signs of impact
- Item with product code removed or not legible
- Item exposed to any kind of fluid, dirt or any other contamination
- Item exposed to extraordinary environmental influences (excess voltage, strong magnetic fields etc)

The manufacturer does not accept responsibility for any personal loss and or injury if the defect was caused by misuse or mishandling by the user in anyway.

**Used Adaptors should be disposed of responsibly.
Consider local laws & rules.**
