

# Offroad thrILED Light & Bracket

## Light up the action

MLOFFROAD

Offroad ThrILED is a brand new LED light with a dedicated aluminium bracket that works perfectly with your GoPro®, letting you record your adventures all day and night.

The lightweight portable Offroad LED light features Surface Mount LED Technology. With a 60° beam angle and a luminance of 225 lumens, it guarantees very bright images in low-light conditions and is an ideal soft-fill light.

GoPro® Hero 4 not included\*

- Portable LED light with Surface Mount Technology
- Aluminium bracket designed to perfectly fit the GoPro® shape
- Great performances: 60° beam angle and luminance of 225 lumens
- LED light with a ¼" thread underneath to use the LED on its own
