

PIXI Clamp for Smartphone

with multiple attachments

The Manfrotto PIXI Clamp is designed to safely attach any smartphone - 60mm to 104mm wide to any kind of support, such as the PIXI mini tripod. The clamp features two ¼ attachments on its side and bottom, allowing for portrait mode along with regular landscape mode. It also has a handy shoe mount on top for attaching LED lights, mics or other accessories. Its secure Y-lock locking lever ensures your phone's security and makes it easy to capture the best content.

- Holds smartphone with widths of 60mm – 104mm
- Universal tripod and lighting connections
- Double lock mechanism: spring lock and side lock
- Two ¼ attachments: for landscape and portrait mode
- Ergonomic Italian design, compact and lightweight
