

Pro Light Roller Case

Organise your lighting gear

Built to provide the most lightweight, high-protection storage and transportation solution for lighting gear, video or photo. The Pro Light Roller Cases will withstand harsh use in any environment thanks to a specially applied coating to the fabric which keeps resistant to moisture. With the addition of strategically placed bumpers to keep your bag elevated off the ground at all times and at any angle.

The range features Manfrotto's Camera Protection System, High performance materials and interchangeable dividers to custom fit the inside of your bag.
