

290_{xtra}

The 290 Xtra is a 3-section tripod, the biggest in the 290 range, with aluminum leg tubes and special top casting enhancing rigidity, durability and performance. This tripod's key feature is its choice of four leg angle positions which maximize shooting creativity. Its rapid centre column adds flexibility and extends the min-max height range.

Creativity of Shooting

Achieve great images thanks to the 4 leg angle positions.

Ease of Use

Constant solid support thanks to the adjustable aluminum leg locks.

MK290XTA3-3W

Material	Aluminium, Technopolymer
Leg Type	Single
Leg Lock Type	Flip lock
Closed Length	70 cm
Max Height	171 cm
Maximum Height (with center Column Down)	147.5cm
Min Height	42 cm
Head Type	3 way head
Base Type	Flat
Colour	Black
Weight	2.52 kgs
Safety payload	4 kgs
Leg Angles	25°, 46°, 66°, 88°
Leg Tube Diameter	26, 22.5, 19 (mm)
Centre Column	Rapid
Lateral Tilt	-70° / +90°
