IN PARTNERSHIP WITH **SONY**  
*befree GT carbon*  
Designed for  $\alpha$  cameras from Sony

DESIGNED AND MANUFACTURED IN ITALY

**Market leaders enhance premium accessories range with Manfrotto Befree GT carbon  $\alpha$ , best in class Manfrotto professional travel tripod designed for  $\alpha$  cameras from Sony.**

Melbourne, September 2018 – At the 2018 edition of Photokina in Koln, Manfrotto will unveil the **Befree GT carbon  $\alpha$ , professional travel tripod**. A special version of Manfrotto's **top performing tripod** for travel photography specifically **developed for Sony's  $\alpha$  camera users** who want maximum performance and stability in all shooting positions. The new travel tripod is the second photo support of the Befree collection released by **Vitec Imaging Solutions for Sony's  $\alpha$  camera**.

**Manfrotto Befree GT carbon  $\alpha$  travel tripod** features a customised version of the Manfrotto 200PL-PRO camera plate specifically designed to perfectly match  **$\alpha 7$  and  $\alpha 9$  cameras from Sony**, ensuring increased grip for unbeatably sharp images, even in the most angled camera shots. This special version is also enriched by an **exclusive tube graphic** that matches Sony's  $\alpha$  camera design and colours. Its brand new **carbon fibre legs** guarantee **maximum lightness and sturdiness up to 10kg payload**.

Manfrotto Befree GT carbon  $\alpha$  is the **best travel tripod for passionate photographers** who want maximum performance in a lightweight format. It is the **optimal combination of portability, solidity, easy set-up and operation**. It is built with the unique goal of enabling individuals to express their talent using their **Sony's  $\alpha$  camera** with the confidence of a professional support solution.
