Forget the way you used to travel before, no rules, guidelines or styles to follow.
Change your perspectives and broaden your horizons with the only
travel companion that can truly enhance your experiences.

Befree Live Quick Power Lock - QPL

Dedicated to independent content creators.

Following the great success of the Befree Live in both aluminium and carbon versions, Manfrotto has designed the new Befree Live with **Quick Power Lock**, dedicated to independent content creators who prefer the lever lock system: the most **intuitive solution** for users in the **videography** world.

The Befree Live QPL Lever combines the strongest tripod construction elements of the Befree Advanced together with the fluidity of the Live head, to provide an **increased** level of **stability**.

This addition to the Befree Live Advance collection complement the range of Manfrotto travel video tripods. Whether shooting for leisure or business, every travel videographer will find the most suitable travel video support among the Befree range.
