

Indra

360 Battery Pack

PH01053

Phottix Indra Battery Pack 4000mAh Li-ion

The redesigned Indra360 Battery Pack is small enough to be slipped into a pocket and can power the Indra360 TTL through 300 full-power shots. Perfect for fast-moving event photographers and photojournalists. The 4000 mAh Indra360 Battery Pack is a one-piece unit and can only power one Indra360. The Indra360 Battery Pack's LED display provides instant visual feedback on power remaining.
