

E48 Lightstand Extender

PH88214

The e48 Light Stand Extender is perfect for the on-location photographer that needs a “jack of all trades” accessory.

With a 5/8” Lug the e48 can be mounted vertically or horizontally on a light stand. Get an extra 48cm in height when used with the Phottix Padat 200 Compact Light Stand.

The e48 can also be a hand-held boom for a flash or microphone.

A 3/8” mount with 1/4” male thread holds a variety of accessories in place
