

## 5 in 1 Reflector

Triangle with handles

PH86491 80cm (32")  
PH86492 120cm (47")

### Modify and control light

The Phottix 5-in-1 Premium Triangle Reflector - featuring handles for easy grip in two positions – making it easy to use and position an assistant.

The reflectors come in two sizes: 80cm (32") and 120cm (47") and offer 5 included colors: Gold, Silver, White, Black, Translucent. Great for studio or outdoor use. This uniquely shaped reflector helps control lighting in a simple way.

Collapses down to fit into the included carrying bag.

### Features:

Gold Bounce Panel - gives a fabulous Sunny day warm glow, excellent for portrait work.

Silver Bounce Panel - provides a superb high contrast reflective bounce, pumping in more light than the white panel to really increase highlights

White Bounce Panel - creates a bright, really natural 2nd light for filling in and creating highlights

Black Absorption Panel - absorbs light it, and does not allow reflection. Superb for stopping Sun or window light creating unwanted shadows, hot spots or highlights

Translucent White Diffusion Panel- designed to diffuse light. ideal for minimizing bright sunlight, shadows and softening the output of light.
