

Clip Clamp

Anything, Anywhere

PH86319

The Phottix Clip Clamp will assist to hold umbrellas, battery packs, backdrops and whatever else you can think of.

Features:

- Attaches to light stands with a 5/8" lug
- Features a 5/8" male internal 3/8" female thread
- Tight locking mechanism
- Multitude of uses

The clip clamp attaches to a light stand with a 5/8" lug or 3/8" threaded male insert. It is sturdy, made from solid metal and moulded plastic, so it can reliably hold heavier or awkwardly balanced objects.

The Clip Clamp is perfect for holding a Phottix Varos Umbrella Adapter but also suited to other studio gear like battery packs. It's an easy way to hold a back drop in place when on location.
